80%
English

VOLUNTEER

TEAM LEADER
RBCs
2021 - Present

- Spearheaded a dynamic team in crafting and publishing lectures.

Delta.com Company (Remotely - Part Time)

December 2023 - Present

- Design and develop robust APIs.
- Oversee task management and collaborate effectively with developers.
- Implement innovative techniques to boost project performance and functionality.
- Liaise between technical teams and clients to ensure requirements are met.
- Deploy backend projects on Heroku server.

Freelancer

April 2022 - December 2023

- Led backend development for tailored client projects, focusing on scalability and performance.
- Analyzed and designed efficient backend solutions, optimizing system flow and data usage.
- Enhanced application responsiveness with caching and database optimizations.
- Developed and maintained RESTful APIs for flexible system integration.

PROJECTS

- Mebo App: A comprehensive service platform consisting of a User App and Provider App. The User App allows users to view services and providers, book services, and engage in real-time chat. Meanwhile, the Provider App enables service providers to receive and fulfill user requests, communicate with users through chat, and update real-time his location for the tracking feature.
- Sama Sport : a sports app for basketball leagues and cups.
- Investment App: A digital real estate investment platform that allows anyone to invest in real estate.
- Tazkarte: It is an application for booking seats on inter-provincial buses in different Syrian provinces.
- Labib Website: The website offers artificial intelligence services based on the Chat GPT API's.
- Siin Experience: It's a website for browsing events of various types distributed across different provinces and times, catering to various categories.
- Bank of Jordan form: is a survey that helps individuals from different nationalities provide their electronic data to the bank and submit the required documents to open an electronic account.
- Garden of Eden: An e-commerce website specializing in the sale of flowers of various types and categories.
